V. Systemwide Review Items 20 minutes
   A. Draft New Presidential Policy on International Activities

      As outlined in Provost Dorr’s cover letter, a new policy has been proposed to address considerations associated with the “marked increase in global activities by UC campuses.” Toward this end, the proposed policy sets forth the underlying principles that should govern activities conducted by UC faculty, students, and staff at foreign sites and in furtherance of UC’s global engagement. It also outlines the issues to consider when engaging in such activities, and the approval authority levels for international activity proposals. The proposed policy would supersede the 2005 Guidelines for the Establishment of Foreign Affiliate Organizations and Foreign Operations. The lead committees for the review are CoR, UGC, GC, and FWAF.

      Actions Requested: 1) Review committee comments. 2) Transmit comments to the systemwide chair by November 18 for discussion at the November 30 meeting of Academic Council.
Comments:

- **CoR** acknowledged revisions to the policy that responded to feedback on a prior draft, but recommended that clarifying information about mundane international activities be moved into the body of the policy document. COR also expressed concern about the way “risk” is defined in the document, which raised concerns that the policy could interfere with academic freedom by allowing vague concerns over potential future political or financial effects of an international activity to raise unreasonable approval barriers to standard research activities that involve an international component.

- **UGC** recommends a stronger statement of the UC’s commitment to ethics, with the goal of communicating that faculty, students, and staff maintain the same ethical standards abroad and at home.

The following committees appreciated the opportunity to opine, but declined to comment:

- CAP
- CAPRA
- CRE
- D&E
- FWAF
- GC

B. Proposed Revisions to APM 015, APM 016 and Senate Bylaw 336

The proposed revisions to APM 015 and APM 016 follow recommendations outlined in the April 4, 2016 report of the Administration-Senate Joint Committee on Investigation and Adjudication Processes for Sexual Harassment and Sexual Violence. Also proposed are conforming amendments to Senate Bylaw 336, which address the procedures and timelines for Privilege and Tenure proceedings in discipline cases. The lead committees for the review are CAP, D&E, FWAF, P&T, and CRE.

**Actions Requested:** 1) Review committee comments. 2) Transmit comments to the systemwide chair by November 18 for discussion at the November 30 meeting of Academic Council.

Comments:

- **CRE** offered recommendations to address potential ambiguities regarding whether the clarified time lines for reporting an alleged violation, and separately initiating disciplinary action, apply exclusively to allegations of sexual harassment and sexual violence or if they apply to allegations of any violation of the Faculty Code of Conduct.

- **D&E** endorsed both sets of revisions, but suggested the language in APM 15 and 16 be made consistent throughout the document with regard to reasons for discrimination, sexual harassment, and sexual violence.

The following committees appreciated the opportunity to opine, but declined to comment:
