Approval Process for Establishment of a Centralized Research Unit (CRU)

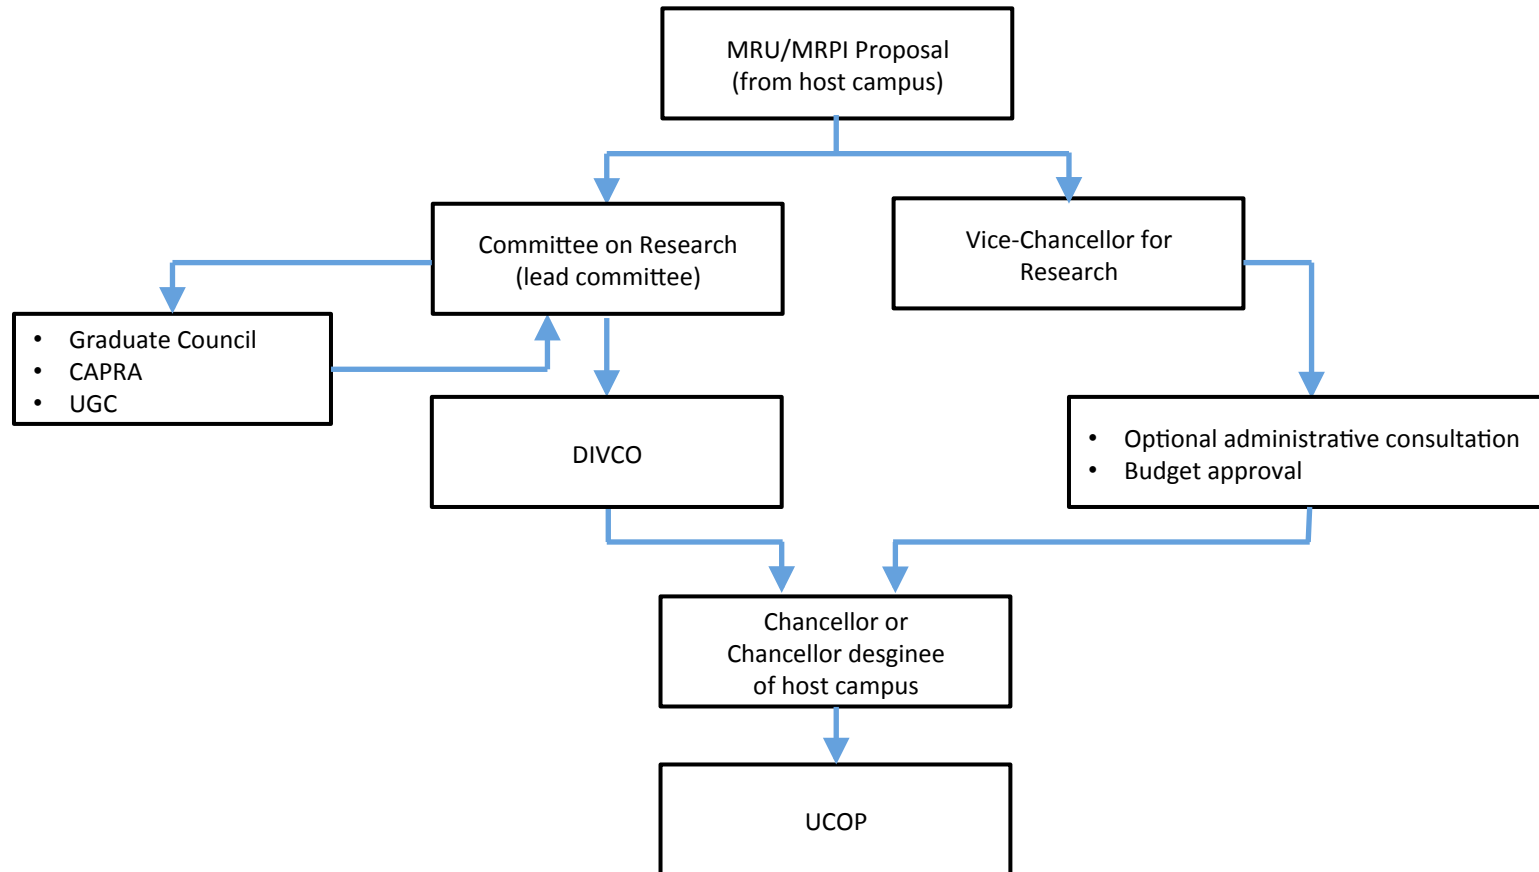

Approval Process for Establishment of a Core Facility (CF)

Approval Process for Establishment of a Organized Research Unit (ORU)

Approval Process for Establishment of an Multicampus Research Unit (MRU)/MRPI

Five-Year Review Criteria for Centralized Research Units

Five-year reviews by the Senate may be additional to reviews conducted by the Office of Research and other cognizant units. The objective of Senate review is to ensure that the units continue to reflect the criteria set by the Senate. The five-year review should be considered standard, but the Office of Research is empowered to request additional documentation at any stage. This review document should be no more than 5 pages.

Centralized Research Units (CRU) reviews will be evaluated according to the following:

1. CRU's original purpose
2. Present functions
3. Accomplishments (e.g., publications, grants, new collaborations, number of users, and educational/outreach activities associated with the unit)
4. Impacts
5. Future plans
6. Continuing development

CRU reviews will assess the following:

1. Adequacy of space and other resources made available to the unit
2. Success in meeting previously established objectives, planned changes in program objectives, and planned steps to achieve new objectives
3. Effectiveness and leadership of the Director and the participation of the Advisory Committee
4. Budget, including funds and expenditures

Five-Year Review Criteria for Core Facilities

Five-year reviews by the Senate may be additional to reviews conducted by the Office of Research and other cognizant units. The objective of Senate review is to ensure that the units continue to reflect the criteria set by the Senate. The five-year review should be considered standard, but the Office of Research is empowered to request additional documentation at any stage. This review document should be 5-10 pages.

Core Facility (CF) reviews must address the following:

1. CF's original purpose
2. Present functions
3. Accomplishments (e.g., publications, grants, new collaborations, number of users, and educational/outreach activities associated with the unit)
4. Impacts
5. Future plans
6. Continuing development

CF reviews will assess the following:

1. Adequacy of space and other resources made available to the unit
2. Success in meeting previously established objectives, planned changes in program objectives, and planned steps to achieve new objectives
3. Effectiveness and leadership of the Director and the participation of the Advisory Committee
4. Budget (including funds and expenditures, and adequateness and appropriateness to support the CF's mission)
5. Compliance with safety and operational regulations

Five-Year Review Criteria for Organized Research Units

Five-year reviews by the Senate may be additional to reviews conducted by the Office of Research and other cognizant units. The objective of Senate review is to ensure that the units continue to reflect the criteria set by the Senate. The five-year review should be considered standard, but the Office of Research is empowered to request additional documentation at any stage. This review document should be 5-10 pages.

Organized Research Units (ORU) reviews must address the following:

1. ORU's original purpose
2. Present functions
3. Accomplishments (e.g., publications, grants, new collaborations, number of users, and educational/outreach activities associated with the unit)
4. Impacts
5. Future plans
6. Continuing development

ORU reviews will assess the following:

1. Adequacy of space and other resources made available to the unit
2. Success in meeting previously established objectives, planned changes in program objectives, and planned steps to achieve new objectives
3. Effectiveness and leadership of the Director and the participation of the Advisory Committee
4. Budget, including funds and expenditures

Five-Year Review Criteria for Multicampus Research Units

Five-year reviews by the Senate may be additional to reviews conducted by the Office of Research and other cognizant units. The objective of Senate review is to ensure that the units continue to reflect the criteria set by the Senate. The five-year review should be considered standard, but the Office of Research is empowered to request additional documentation at any stage. This review document should be 5-10 pages.

Multicampus Research Units (MRU) reviews must address the following:

1. MRU's original purpose
2. Present functions
3. Accomplishments (e.g., publications, grants, new collaborations, number of users, and educational/outreach activities associated with the unit)
4. Impacts
5. Future plans
6. Continuing development

MRU reviews will assess the following:

1. Adequacy of space and other resources made available to the unit
2. Success in meeting previously established objectives, planned changes in program objectives, and planned steps to achieve new objectives
3. Effectiveness and leadership of the Director and the participation of the Advisory Committee
4. Budget, including funds and expenditures

Review Criteria for Establishment of Centralized Research Units

Centralized Research Units (CRU) proposals must address how the proposed unit will:

1. Foster new intellectual collaborations
2. Stimulate new sources of funding
3. Further innovative and original research
4. Support existing funded research
5. Supply research techniques or services to faculty groups
6. Contribute to the instruction mission of the university
7. Perform service and outreach to the public
8. Support a broad array of researchers, graduate group, schools, and the campus
9. Have sufficient faculty and technical expertise to ensure the successful operation of the unit
10. Have a management and financial plan that will ensure sustainability of the unit
11. Have a plan for how immediate and future space needs will be met
12. Procure extramural funds for its establishment and operation

Review Criteria for Establishment of Core Facilities

Core Facility (CF) proposals must address how the proposed facility will:

1. Foster new intellectual collaborations
2. Stimulate new sources of funding
3. Further innovative and original research
4. Support existing funded research
5. Supply research techniques or services to faculty groups
6. Contribute to the instruction mission of the university
7. Perform service and outreach to the public
8. Support a broad array of researchers, graduate group, schools, and the campus
9. Have sufficient faculty and technical expertise to ensure the successful operation of the facility
10. Procure extramural funds for its establishment and operation
11. Have a management and financial plan that will ensure sustainability of the facility
12. Have a plan for how immediate and future space and instrumentation needs will be met
13. Comply with existing safety and operational regulations

Review Criteria for Establishment of Organized Research Units

Organized Research Units (ORU) proposals must address how the proposed unit will:

1. Foster new intellectual collaborations
2. Stimulate new sources of funding
3. Further innovative and original research
4. Support existing funded research
5. Supply research techniques or services to faculty groups
6. Contribute to the instruction mission of the university
7. Perform service and outreach to the public
8. Support a broad array of researchers, graduate group, schools, and the campus
9. Have sufficient faculty and technical expertise to ensure the successful operation of the unit
10. Have a management and financial plan that will ensure sustainability of the unit
11. Have a plan for how immediate and future space needs will be met
12. Procure extramural funds for its establishment and operation

Review Criteria for Establishment of Multicampus Research Units

Multicampus Research Units (MRU) proposals must address how the proposed unit will:

1. Foster new intellectual collaborations
2. Stimulate new sources of funding
3. Further innovative and original research
4. Support existing funded research
5. Supply research techniques or services to faculty groups
6. Contribute to the instruction mission of the UC system
7. Perform service and outreach to the public
8. Support a broad array of researchers, graduate group, schools, the campus, and the university system
9. Have sufficient faculty and technical expertise to ensure the successful operation of the unit
10. Have a management and financial plan that will ensure sustainability of the unit
11. Have a plan for how immediate and future space needs will be met
12. Procure extramural funds for its establishment and operation
